

English

In English this term we will be learning about stories linked to the Stone Age. At the end of the unit, children will write their own story, recounts and instructions.

Maths

We will continue to develop our skills such as calculation, understanding number and statistics to solve problems. During X Factor Challenges, children will have the opportunity to improve their mental maths.

History

We will be identifying the changes in Britain from the Stone Age to the Iron Age. Children will also be making comparisons between lifestyles in the past and how they live differently today.

Science

This term our topic in Science is Rocks and Light. During the lessons we will participate in a number of practical experiments directed from the children's interests in this area.

Topic: Stone Age

R.E

Our topic is Islam. During this term children will learn about the Prophet Muhammed. They will reflect upon stories and values.

PSHE

In PSHE, we will be exploring daily mindfulness and learning techniques to help us understand the world around us. We will also be looking at emotional health and wellbeing.

Geography

This term we will be using globes, maps and atlases to identify particular places or features of the Stone Age. We will closely look at Stonehenge and how this links into our Stone Age topic.
