

Week 3 – Viewpoints

Year group: 3

Reading			Writing		Oracy
Read a story together and write a book review about what you have read. Or Role-play a scene from the story. You might want to create a script for your characters.	Create your own comprehension questions about the text you have read. Write the answers using P.E.E sentences.	Do an AR Quiz. Note down your score in your reading diary. Research VE day (8 th May 2020). Why is that date celebrated?	Write a letter to a family member telling them all about how your day has been.	If you were to become a superhero, what superpower would you have? Write a character description and explain how you would save the day.	Speak to different members of your family. Ask them about the different responsibilities that they have at home. Use effective oracy skills, such as; eye contact, good listening skills and engage in the speaker. From this, discover how you could help them. You might sort and tidy different areas of your home.
Maths			Well-being		Weekly theme – viewpoints
https://whiterosemaths.com/homelearning/ Find your year group's lesson here (Summer 1 week 3).	Get a piece of paper and journal everything you know about Multiplication. This could include pictures, methods etc. Be as creative as you want!	Practise counting forwards and backwards from any given numbers in 100s.	Connect: Choose a friend who you have missed. Write them a card for when you get back to school.	Be Active: Get inspired by Captain Tom Moore's 100 lap challenge! Complete daily laps in your back garden or local park with your family. Can you do 100 laps in a week?	This week is all about your viewpoints. What can you see outside of your window? What do you see from your viewpoint? Is it a positive view? Jot some of your ideas down and create a poster of what you have observed.

Aim to do one or two activities each day.
