Year 3 Week 5 – Environment

Reading			Writing		Oracy
Watch Newsround and discuss what is happening in the wider world. OR Research or read an article about the environment. Summarise what you have learnt.	With a member of your family, look in magazines, newspapers and books for new vocabulary they are unfamiliar with. You could use a highlighter to highlight in magazines and newspapers.	Do an AR quiz. Note down your score in your reading diary. OR Research online about the environment. How can we improve it? What environment do we live in?	Design a poster that either expresses the importance of recycling, not dropping litter or another UK environmental issue. Can you think of a catchy slogan to accompany your design? Remember to write down lots of factual information.	Write an information report about your local environment. What are the issues? Remember to include headings and subheadings. OR Write a letter to be sent to local schools explaining why children should support local charities if they can and help those who are in need.	Describe the perfect environment to a family member. What would it include? How would you ensure it stays clean? OR Play eye spy with a family member whilst outdoors. Try and use words linked to the world we live in!
Maths			Well-being		Weekly theme – Environment
https://whiterosemaths.com/homelearning/ Find your year group's lesson here (week 5).	Play on Hit the Button . Focus on number bonds, halves, doubles and times tables. (3x 4x 8x) Challenge: can you write down the inverse? (÷)	Get a piece of paper and show everything you know about Shape. This could be pictures, diagrams, explanations, methods etc. You can be as creative as you want to be. Can you draw the shapes? Can you measure the sides?	Create: Create a Science poster or experiment of the water cycle. Be as creative as you like. Maybe ask a grown up to help you!	Be Active: Get out into the garden/park. Can you go on a hunt to discover as much as you can about the environment? What animals live nearby? How much litter can you see?	This week is all about learning about the environment. It is the air, water, and land in or on which people, animals, and plants live. What aspects of the environment do you know about?

Aim to do one or two activities each day.
