

Week 2 - My local area

Year group: 6

Reading			Writing		Oracy
Read a chapter of your book and record any words that have captured your interest. Using a thesaurus or an online thesaurus, write synonyms for these words.	Read to another member of your family. <i>This doesn't</i> have to be a book so you can be as imaginative as you want.	<i>Pretend you're</i> an actor, actress or cartoon character. Switch the subtitles to on, for your favourite TV program or movie. Read the subtitles to your family for your favourite scenes.	Write a diary entry to record what you did on a <i>day of your choice</i> . <i>Don't</i> forget to include your experiences, feelings and pictures.	Practice the Y5/Y6 spelling words – they are in your reading diaries (on the middle pages). Make up some humorous sentences that include these words.	Discuss the following scenario with a family member: You are stranded on a desert island and you can only take four things in your rucksack. What would you take and why?
Maths			Well-being		Weekly theme – My local area
https://whiterosemaths.com/homelearning/ Find your year group's lesson here (Summer 1 week 2).	Create a 'show what you know' poster about subtraction. <i>Don't forget</i> to include subtracting decimal numbers.	Play times table bingo with a family member – you know the rules as we play this at school.	What living things can you see out of your window? Sit quietly and observe. What movements do you notice? What colours and shapes can you see?	Do three random acts of kindness this week. For example, helping parents with gardening, setting the table for dinner or giving a family member a hug or a compliment.	Graffiti Art – Our local canal system is home to its own graffiti art, but has graffiti always been seen in a positive light? Is all graffiti good? Discuss these questions with a family member and then design your own graffiti art using paper and crayons or felt tips.

Aim to do one or two activities each day.
