

Week 3 – Under the Sea

Year

group: 6

Our Reading			Writing		Oracy
Using the internet, find some under the sea sounds. Read a chapter of your favourite book whilst listening to the unusual sounds. How do you feel after reading? Are you more relaxed? Did it help you to visualise what you read?	Find out about marine life using the internet, dictionary, and encyclopaedia or asking others about what they know about marine life. Retell what you have found out to someone in your family.	Using the facts that you found out this week make a true and false quiz for a family member.	Imagine that you could take a holiday under the sea. What would be the best places to visit? Make a leaflet to persuade families to visit.	Design a colourful poster with some interesting facts that you have found from your reading this week about marine life. Can you find any interesting statistics to include? In your opinion, what was the most amazing fact you found?	Use the sentence starter to below to discuss what you would bring with you on a holiday under the sea. If I could go on a holiday under the sea I would need...because...
Maths			Well-being		Weekly theme – Under the Sea
Show everything that you know about data handling. Think back to the learning we did and use you keyway maths homework book if you have it at home.	Play times table bingo with a family member – you know the rules as we play this at school.	List five sea creatures. Ask people in your household and any visitors to your garden to choose their favourite using a tally chart. Create a bar chart or pie chart. Label your graph and choose an appropriate scale if needed. Generate some questions about your data.	With an adult, take a walk around a local body of water in a park or along the canal. There are lots of little ponds and lakes to explore in Sandwell. Remember to maintain social distancing.	Think back to the learning we did in school about marine pollution. Create a piece of art to show what plastics are doing to our seas. Try to encourage others to use less plastic in your artwork.	Using recycled materials can you create an under the sea scene? Here are two examples: 

Aim to do one or two activities each day. Remember you can email any work to our year group email address: year6@lodge.sandwell.sch.uk and staff will look at it and then send you feedback 😊
