

Reading			Writing		Oracy
<p>Research the Stone Age using online resources. What information can you find out about that time in history?</p> <p>Discuss these with someone in your family. What have you learnt? What was different then? Could we live like stone age people now? Why?</p> <p>https://www.bbc.co.uk/teach/class-clips-video/story-of-britain-new-stone-age-animation/zjh2t39</p>	<p>Read a story or find some information about the Stone Age. Find and write down any words you don't know. Can you find out what they mean?</p>	<p>We will be looking at Rocks and Soils next year. Take some time to research all the different types of Rock.</p> <p>What are they used for? What colours shapes are they? Why do we use rocks? What happens to rocks over time?</p>	<p>Write a recount/diary entry of each week during your summer holiday. Start this week and carry on to create a time capsule of all the things you did!</p> <p>https://www.bbc.co.uk/bitesize/topics/z2yycdm/article/s/zqfjhcj6</p>	<p>Create a story/poem or information sheet on all the new things you have learnt about the Stone Age or Rocks. What new information have you found out? Can you draw any pictures and label them?</p>	<p>Speak with family member about all the things you have learnt in Year 2.</p> <p>Now tell them about all the things you are excited about for Year 3. What do you want to know more about? What are you nervous about?</p>
Maths			Well-being		Weekly theme –
<p>When joining Year 3, we will be looking at addition and subtraction! Take some time to practice what you know....</p> <p>https://www.bbc.co.uk/bitesize/topics/zww39j6</p> <p>THEN....</p> <p>Try to complete the online activities using larger numbers if you can!!!</p> <p>https://www.bbc.co.uk/bitesize/articles/z7psf4j</p>	<p>Next year you will be looking at the 3, 4 and 8 times tables! Try look and practice these along with the ones you already know!</p> <p>Challenge yourself and play 'hit the button' each day to beat your own score using these times tables!</p> <p>https://www.topmarks.co.uk/mathsgames/hit-the-button</p>	<p>Choosing either addition/subtraction OR multiplication to create a poster about all the new learning you have done!</p> <p>IDEAS:</p> <p>Can you show me your number bonds to 10,20,100?</p> <p>Can you write out all of the times tables you know using different colours?</p>	<p>Let's Create-</p> <p>Go out into your garden and find lots of rocks/twigs/leaves and flowers...can you create a piece of art or 3d model using these items?</p>	<p>Get together-</p> <p>Take some time to be outdoors and maybe reach out to other people you have missed. Can you meet family or friends in a park? Can you reconnect with some of your friends from Lodge?</p>	<p>This week is all about transition. As you move up the school you will start your new journey as a Year 3 pupil. We will be looking at lots of new and fun things. Take some time to familiarise yourself with some of the things we will look at next year.</p> <p>-Addition/subtract -Stone Age -Rocks and Soils</p>

Aim to do one or two activities each day. Remember you can email any work to our year group email address: year3@lodge.sandwell.sch.uk and staff will look at it and then send you feedback 😊

Week 7- TRANSITION

SUMMER LEARNING!

HOME LEARNING PROJECT:

Along with all this week's learning, you can carry out these each week or use some of the previous learning grids to recap and revise some of the things you have been looking at. In Year 3, we will be looking at the Stone Age as part of our History curriculum. Can you create a piece of work to show something you have learnt about the Stone Age over Summer?

These could be:

- A model of a cave/weapon etc.
- A large picture, in the style of a cave painting, telling a story
- A written story or information booklet....

We will also be looking at 'Rocks and Soils'. You could try to create a science inspired project using some of the new facts you have found.

These could be:

- A poster about the different types of rocks and soils
- And information booklet
- A piece of art using different natural materials such as stones/pebbles/leaves etc.

ALL ABOUT ME:

Attached is an 'All about me' poster about your new teacher. This is a chance to learn some new and interesting facts about them. There is a blank one for you to fill out so your teacher can read them in September. Put some information down on these and even draw a picture of yourself! You don't have to stop there....you can always use some plain paper to write down or draw anything else that you want your new teacher to know about you!

HAVE A FANTASTIC SUMMER AND WE CANNOT WAIT TO SEE YOU ALL AGAIN SOON!!!
