

Week 1 - food

Year group: 3

Reading		Writing		Oracy	
<p>Watch 'Newsround' and discuss with people at home what is happening in the wider world.</p>	<p>Research a famous chef and create a factfile about them. You could look into Nadiya Hussain, Jamie Oliver or Lorraine Pascale for example.</p>	<p>Read JK Rowling's <i>new online book... The Ickabog</i>. You might also like to enter her illustration competition 😊 There are 10 chapters available to read so far. https://www.theickabog.com/read-the-story/</p>	<p>Write your family's next shopping list. Could you group the items together so that <i>it's easier for the 'shopper' to read?</i> SO, write all the fruit and vegetables together, all the dairy products together etc.</p>	<p>Choose a particular food and write an acrostic poem about it...like this: All green or red Pleasing to the eye Pulled from the tree Lovely to munch on Everyone enjoys them</p>	<p>With your family, talk about your favourite meals and why you enjoy them. Use your questioning skills to investigate the reasons <i>behind people's choices</i>.</p>
Maths		Well-being		Weekly theme - food	
<p>https://www.topmarks.co.uk/maths-games/hit-the-button</p> <p>Focus on halves and doubles.</p>	<p>Pick 5 food items from your kitchen. From the nutritional label, note down the sugar content of each item. Now order the foods in terms of their sugar content, greatest to least.</p>	<p>https://www.thenational.academy/year-3/maths/to-recognise-right-angles-year-3-wk4-3</p> <p>Refine your knowledge of right angles this week.</p>	<p>As long as the weather is dry, take your lunch outside with your family – in your garden or socially distanced in public. Take note of the sounds of nature while you eat. Feel the warmth of the sun on your skin while you enjoy your food.</p>	<p>Enjoy a family meal together if you can. You could discuss what you have all done that day; what your plans are for the next day or something that has happened in the news.</p>	<p>Where does your food come from? Together with someone in your house, find the 'journey' of your favourite piece of fruit. Where in the world is it grown? How is it farmed? If it <i>isn't grown in our</i> country, how does it get here?</p>

Aim to do one or two activities each day. Remember you can email any work to our year group email address: year3@lodge.sandwell.sch.uk and staff will look at it and then send you feedback 😊
